EDUCATION

Bachelor of Science

Tanta University – Faculty of Computers and Information

01/2025 - 05/2029 Egypt

COURSES & SELF-LEARNING

Online

React.js – Self Learning (YouTube / Online Tutorials)

Online

Front-End Development – YouTube + Practical Projects

KEY ACHIEVEMENTS

- Designed reusable components for scalability

Tech Stack: React, JavaScript, Tailwind CSS, REST API

To do-app

<https://todo-app32.vercel.app/>

- Built CRUD functionality (add / delete / update tasks)
- Managed state using React hooks
- Designed simple responsive UI

Tech Stack: React, JavaScript

Tech Stack: React, GSAP, Tailwind CSS

Developed 10+ reusable React components, improving development efficiency and code maintainability.

Portfolio Development

Built and deployed a personal portfolio website showcasing projects and skills in a structured and professional way.

Code Quality & Best Practices

Focused on writing clean, maintainable code following modern React best practices and component-based architecture.

Dashboard

Live: <https://advance-dashboard-01870lkod-basem6s-projects.vercel.app/>

GitHub: <https://github.com/Basem6>

- Built a responsive admin dashboard with a modern UI using React
- Designed reusable components for layout, sidebar, and dashboard sections
- Implemented dynamic data visualization using charts
- Ensured a fully responsive design across desktop and mobile devices

Tech Stack: React, JavaScript, Tailwind CSS, Charts
